

Innova Architects is a multi-discipline design firm providing architecture and engineering.

Located within thriving Downtown Tacoma, we're surrounded by an inspiring community of local businesses, restaurants, cafés, museums, music and arts venues, and more. Our team strives to grow and develop while remaining authentic to collaborative, quality design.

We are open and we are busy!

We have an immediate opening for an experienced architectural designer to join our team.

Desired Qualifications:

- 5 years of experience with commercial projects; broad experience preferred
- Multi-family experience required
- Documented proficiency with Revit required
- AutoCAD proficiency desired
- Ability to work in small teams, as well as independently
- Ability to manage project workflow with limited oversight to bring projects from schematic design through construction documents
- Willingness to adapt
- Strong work ethic

Prefer but not required:

- Proficient with Adobe Creative Suite (Photoshop, Illustrator, InDesign, etc.)
- Advanced rendering software (3ds Max, etc.)
- Candidates on path to licensure preferred, but not required

We offer the opportunity to work with a variety of clients, including local government agencies, housing authorities, non-profits, federal agencies, port authorities, private business owners, developers, park districts, and more.

Our benefits include employer paid medical, dental, and vision insurance; paid holidays, vacation, and sick leave; annual bonus profit sharing opportunity, pre-tax flexible spending account for medical expenses, and 401K retirement plan with company contributions.

Remote work options are available.

Contact Us:

Qualified and interested candidates should send a resume and cover letter showing past work experience, names of past employers, and descriptions of responsibilities in PDF format.
