

Senior Architect

Johansson Wing Architects, PC [JWA] is currently in need of a collaborative new team member who can lead the architectural process. Our senior architect project managers work closely with clients, assist in the development of the design, work as a team to complete the construction documents, champion the plans through the planning and building departments, and manage the project through construction, as well as provide technical guidance to less experienced architects/architectural staff.

Position Description:

Provide architectural project management for multiple concurrent projects. You'll work closely with our clients and consultants with the support of our administrative, and production staff. We are looking for someone who loves what they do, demonstrates professional integrity, highly values quality, and practices a healthy work/life balance.

Your day-to-day work experience will include:

- Coordinating projects to ensure effective execution, prepare strategic plans, and act as client liaison
- Estimating scope of work and overseeing other architects and project managers
- Handle multiple complex & large projects
- Actively manage budgets, schedules, and programs
- Use strong technical knowledge of construction documentation and detailing
- Demonstrated ability to manage Permitting processes

Position Salary Range:

DOE

Minimum Qualifications:

- Professional Degree or equivalent in architecture
- Licensed architect
- 10+ years' experience in Architectural Project Management.
- REVIT Expert [5+ recent years of experience]
- Exemplary execution, follow through, and time management
- Disciplined, motivated and capable of working independently
- Ability to lead and manage team members

Why JWA?

JWA is a growing Architectural Firm that values community connection, culture, and quality in work and in life. We know our success and our client's success relies on the success of our team. We give people the time and resources needed to do their best work, and focus on providing a workplace where we can have a whole life experience that allows our efforts to connect to other areas of our lives – and in turn, helps our clients and our community flourish.

We offer a wide spectrum of benefits, including full Health, Dental, and Vision Insurance, an employer-matched IRA, employer assistance for professional licensing & education, paid holidays, vacation, & sick time, and flexible working arrangements.

We're located in Battle Ground, Washington – a beautiful and growing community just northeast of Vancouver, Washington. That means you don't have to fight the south going traffic into Portland!

Why not break the mold of older or more traditional firms – Join JWA where we can grow together and build so much more than physical spaces.
