

Sliding Doors In a Means of Egress:

Design Considerations and Code Requirements

Course # 0WDFG2 | 1 CEU Credit/Health, Safety, and Welfare

Course Discussion Topics

Fire rated opening protectives ✓

Operation and components ✓

Egress requirements for IBC and NFPA ✓

Access control and remote monitoring ✓

Applications ✓

Design criteria ✓

SEAN MORRIS

Sean has a Bachelor's Degree in Economics from the University of Washington. He has 16 years of experience in the construction sales industry and is a certified LEED Green Associate. As the District Sales Manager for Alaska, Western Idaho, Oregon, Washington and Northern California, Sean is responsible for all functions from initial design consultation and technical support, to sales and marketing. Sean provides AIA lunch & learns throughout his territory, engaging with Architects, General Contractors and Owner/Developers in order to assist in the challenge of resolving fire and smoke needs in various design applications and their existing facilities.
