

Ratcliffe Gagliano Architecture (RGA), a small firm located in downtown Gig Harbor, WA, is looking for an experienced self-motivated applicant for immediate placement to work on single-family residential and small-scale commercial projects.

We are currently hiring for the following positions:

- I. Architectural Designer/Drafter (2-4 years of experience preferred)
OR
- II. Project Architect (5+ years of experience, architectural license preferred, but not required)

The ideal candidate will have the following abilities:

- Experience in all phases of design
- Proficient in BIM 3D drafting, ArchiCAD proficient or willing to learn
- Familiar using Sketch-Up
- Familiar using energy-modeling software
- Experience with communicating with City and County jurisdictions, or willing to learn
- Proven self-motivation and ability to produce high quality construction documents
- Strong knowledge of construction materials and methods, and building codes
- Ability to balance several projects and deadlines simultaneously
- Detail-oriented and self-organized
- Interest/experience in selecting interior colors and finishes
- Passionate about sustainable architectural design, materials, and methods
- Works well in a small firm environment
- Interest in residential projects
- Detail minded with good writing and communication skills
- Has completed a professional degree in architecture

Compensation is negotiable, based on prior experience. RGA's benefits package includes seven holidays, paid time off, medical insurance, Simple retirement savings plan (including match), and annual bonuses.
